Betton Hills

Creepy! Ghoulish! Spooky!

HALLOWEEN

Hauntingly SAFE & Frighteningly FUN!

TRICK-OR-TREAT

Driveway To Driveway

Ghoulish guidelines for keeping our neighbors scared, chilled to the bone & SAFE!

GIVING OUT TREATS

PUT AWAY YOUR CAULDRONS! Don't have a bowl filled with treats to grab. Our little monsters must only paw their own goodies. GET CREATIVE INSTEAD!!

SET OUT treats individually by using spaced out TREAT BAGS (available by request*). Use your emergency stash of WOODEN STAKES for some 'Stick-or-Treat' in your yard.

HANDLESS hand outs! Drop socially distanced goodies using a 3 ft grabber stick (we have them*). Decorate a wrapping paper tube or PVC pipe and slide a treasure down for kids to catch! Don't forget your ZOMBIE-PROOF HAND SANITIZER & PPE!!

*Email ccottonwatkins@gmail.com for supplies.

DON'T LET THE GOBLINS DARKEN YOUR DOOR! Why hand out from your door, when you can set up a table/stand at the end of your driveway or yard?! COFFINS are fine, but car trunks are not.

Sorry WITCHES & WARLOCKS, but poisoned apples are prohibited!! No homemade treats. Keep candy packages closed until preparing to give out. Sanitize hands & MINIMIZE touching treat wrappers.

TRY NOT TO GHOST US! Participate by watching from your porch. DRESS UP & DECORATE if you can. Have as much fun as possible for SCREAMING out loud!!!

TRICK-OR-TREATERS

DON'T HUNT IN PACKS! Have a howling good time with just your household.

DON'T HAUNT YOUR NEIGHBORS! Stay 6 ft or more from other groups. Wait for groups to clear before approaching a driveway/yard.

SCARY GOOD HYGIENE: Bring hand sanitizer & don't touch your face!! Wash hands before you TRICK!

BRING A MASK for times that you can't socially distance!! It will keep the germs & VAMPIRES away!!

DON'T LURK IN DOORWAYS! Knock, knock, knocking on doors is a no go! Safe treats come from driveways and yards only.

AVOID REBELS WITHOUT A CAUSE. Only take candy from houses that follow the RULES!!
